

# CMMN Adoption questionnaire

**Table 1. Description of Criteria for CMMN adoption**

Factor	Description
Usefulness	The degree to which a person believes that using a particular modeling language would enhance his/her job performance
Ease of Use	The degree to which a person believes that using a particular modeling language would be free from effort
Attitude towards Using	Users assessment of the desirability of using a specific modeling language
Intention to Adopt	The strength of one's intention to adopt a modeling language

**Table 2. Evaluation Scale 1/9 – 9** (1/9, 1/8, 1/7, 1/6, 1/5, 1/4, 1/3, 1/2, 1, 2, 3, 4, 5, 6, 7, 8, 9)

1	<i>Criteria i and j are of equal importance</i>
3	<i>Criterion i is a little more important than criterion j</i>
5	<i>Criterion i is more important than criterion</i>
7	<i>Criterion i is quite more important than criterion</i>
9	<i>Criterion i is by far more important than criterion</i>
2,4,6,8	<i>Intermediate values</i>
Reversals of the above values (1/9, 1/8, 1/7, 1/6, 1/5, 1/4, 1/3, 1/2 )	<i>In a similar way when criterion j is more important than criterion i</i>

## How to fill in the questionnaire

In this questionnaire, you must compare each criterion by adding in each box a value from the 1/9 - 9 scale shown in Table 3.

In the following tables compare the criterion shown on each line with all the other criteria presented in each column of this line, taking into account how much each criterion is more or less important than the others.

For example, if you compare criterion A1 to criterion A2 and put in the box the value of three, then this means A1 is a bit more important than A2.

	A2
A1	3

**Which one of the CMMN elements would contribute most in your Intention to Adopt CMMN?**

	Milestones	Stages	Discretionary Items	Event Listeners
Sentries	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Milestones	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Stages	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Discretionary Items	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

**Which usability factor affects most the contribution of Sentries towards your Intention to Adopt CMMN?**

	Ease of Use	Attitude to Use
Usefulness	<input type="text"/>	<input type="text"/>
Ease of Use	<input type="text"/>	<input type="text"/>

**Which usability factor affects most the contribution of Milestones towards your Intention to Adopt CMMN?**

	Ease of Use	Attitude to Use
Usefulness	<input type="text"/>	<input type="text"/>
Ease of Use	<input type="text"/>	<input type="text"/>

**Which usability factor affects most the contribution of Stages towards your Intention to Adopt CMMN?**

	Ease of Use	Attitude to Use
Usefulness	<input type="text"/>	<input type="text"/>
Ease of Use	<input type="text"/>	<input type="text"/>

**Which usability factor affects most the contribution of Discretionary Items towards your Intention to Adopt CMMN?**

	Ease of Use	Attitude to Use
Usefulness	<input type="text"/>	<input type="text"/>
Ease of Use	<input type="text"/>	<input type="text"/>

**Which usability factor affects most the contribution of Event Listeners towards your Intention to Adopt CMMN?**

	Ease of Use	Attitude to Use
Usefulness	<input type="text"/>	<input type="text"/>
	Attitude to Use	
Ease of Use	<input type="text"/>
